**News of Bedford Street Angels:**

Much has been happening behind the scenes in recent weeks as the Trustees look to find a replacement Chairperson and tie down many loose ends in the organizational structure. Adam is in continuing discussion with Bed:safe, the Police and other interested bodies as they look to set up a Safe Space for the vulnerable on Fri and Sat nights. A venue in the town centre is needed where minor injuries, intoxicated youngsters, individuals waiting for lifts can chill out.

**News from the Streets:**

Good relationships continue with all those also 'on duty' on a Sat night; it really is a team effort. BSA have been there to wait with folk needing medical attention, those unwell from too much drink or individuals whose lift home is coming. They have also listened to many hurting individuals, answered questions as to why they are doing this, helped calm down escalating incidents and prayed into many situations. There are more BSA volunteers coming forward, so having 2 teams out each Sat looks very promising for the future.

**Praise Details:**

- For the commitment of all working to keep Bedford safe at night
- For the warm reception that BSA generally receive from all
- That God never misses a Sat night in Bedford!
