News of Bedford Street Angels:

A new Chairman has been voted in: Stephen Elphick, a leader of the Kingdom Way Church and already well known to BSA. Together with the Trustees, Stephen will be working on the organizational structure as BSA becomes a registered Charity. The Safe Space initiative is on the back burner for the present (funding cut backs), though there is certainly a need for it. BSA will have a promotional display stand at the River Festival and we continue to share around the Churches about our ministry.

News from the Streets:

Responding to a request from the Bedford Police, BSA will seek to operate one team on a Fri night whilst continuing to operate 2 on a Sat. Several new folk have joined the street walking teams which is great, but we'd also like more prayer teams operating at the base to cover the walkers and serve refreshments. Perhaps a Fri night will be more attractive ... no Church the following morning! Teams went out on World Cup nights, also at the request of BedSafe.

Praise Details:

- Appointment of new Chairman
- New volunteers joining BSA
- The weekly Prayer/Report e-mail has grown from 40 – 150
