

**Praying for
Bedford Street Angels**

Sat.
Nov: 5th, 12th, 19th, 26th
Dec: 3rd, 10th, 17th, 24th, 31st

News of Bedford Street Angels:

BSA's 'Light in the Darkness' Celebration on 8th Oct went very well with some 16 Churches represented. For the moment we continue to use St Peter's Chapter House as our base on a Sat. night. More volunteers have received the 'Basic Life Support' training which allows us to administer basic first aid on the streets before the Paramedics arrive. Health issues, child care and job relocation have reduced our active volunteers to 21, so please pray for more to come forward.

News from the Streets:

It seems that the Clubs are forever being refurbished or taken over by other owners, but our relationship with them remains good. Indeed, Managers, Door Staff and the Police have all expressed how indebted they are to BSA. Increasingly we are called over the radio to attend to some young person that has drunk too much, or is in need of some assistance following an accident or requiring a taxi.

Praise Details:

- For the commitment of volunteers to walk the streets offering support
- Continued safety for the teams out in the town
- The respect and appreciation that BSA is held in
- That God is always ahead, with and behind the teams
- A Base prayer team has always turned up each Sat night

Prayer Details:

- Protection from flu/colds etc. that would prevent teams volunteering
- Satan will be bound from hindering volunteers via health or family issues
- Discernment as to when the Paramedics should be called in to assist
- Friends will take responsibility to support one another when in trouble
- More, younger volunteers needed to join BSA
- Prayer cover for Mon and Wed Student nights when BSA are not out
